The Walk will Begin...

When does the walk start? The walk officially kicks off after the singing of the National Anthem, right about 9:30am at the balloon arch. The top two teams (largest number of registered walkers and one for the most money donated) will lead us all down the path.

The other teams will follow in the order as they have lined up.

What do I do after I'm done walking? The walk path will bring you back to the balloon arch. There the VIP (and any second chance raffle drawings) winner will be announced.

What's with the Team Signs? Each team will have a team sign. This sign will be carried by a volunteer as they lead the teams down the walk path. What a great way to show your team pride. Please return the signs to DSAF at the end of the walk so we may use them again next year.
